WARRANT FOR THE ANNUAL TOWN MEETING

State of New Hampshire

(L. S.)

To the Inhabitants of the Town of Canterbury in the County of Merrimack in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Canterbury on Tuesday, the 6th day of March, next at twelve of the clock in the forenoon to act upon the following subjects:

(Polls open from 12:00 Noon until 7:00 P. M.)

1. To choose all necessary Town Officers for the ensuing, by ballot.

2. To see if the Town will adopt the amendments to the Zoning Ordinance as proposed by the Planning Board which is enclosed with this report, by ballot.

SAID ANNUAL TOWN MEETING IS HEREBY ADJOURNED UNTIL 1:00 OF THE CLOCK IN THE AFTERNOON ON SATURDAY, MARCH 10, 1973 AND YOU ARE HEREBY NOTIFIED TO MEET AT THE TOWN HALL AT THE DATE AND TIME HEREIN STATED TO ACT ON THE REST OF THE ARTICLES IN THE WARRANT.

3. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations for the same.

4. To see if the Town will vote to give the Selectmen authority to borrow money in anticipation of taxes.

5. To see if the Town will authorize the Board of Selectmen to sell, lease or otherwise transfer real estate property acquired by the Town by Tax Collector's deed in a manner for the best interest of the Town.

6. To see if the Town will vote to raise and appropriate the sum of \$268.00 to be used as matching funds with a federal grant from the N. E. Regional Commission to do preliminary engineering and later detailed engineering on candidate sanitary landfill sites as directed by the Regional Refuse Disposal Planning Board.

7. To see if the Town will vote to pay the Town Road Agent and crew time-and-a-half for overtime for anything over 40 hours of work per work week. By petition.

8. To see if the Town will vote to have the office of Town Clerk combined with the office of Tax Collector, thereby creating a new office of Town Clerk-Tax Collector to be held by one individual in accordance with R.S.A. 41:45-a, such term to be for three (3) years. By petition.

9. To see if the Town will raise and appropriate the sum of two-hundred dollars (\$200) to be entered in a special account to be held by the Trustees of Trust Funds, the sum of one-hundred dollars (\$100) to be designated for anticipated expenses of the Bicentennial Year, and the remaining one-hundred dollars (\$100) for the Town's 250th Anniversary in 1977; and to add a similar amount (or a larger amount, if indicated) each year through 1977, and to have the Moderator appoint a member from each organization in the Town to form a committee to plan appropriate observations of the two events. By petition.

10. To see if the Town will vote to instruct the Selectmen to notify the Zoning Board of Adjustment and the Canterbury Planning Board of any bona fide offers to buy

or lease all or any part of the Town's Industrial Site, and to sell or lease such land if the Zoning Board of Adjustment and the Planning Board, after public hearings, approve the use and the financial consideration as being in the best interests of the town. By petition.

11. To see if the Town will vote to raise and appropriate a sum not to exceed \$250 for the purchase of acid free paper, the necessary cataloging and other services associated with permanently preserving a number of valuable glass negatives from old photos of local buildings and scenes.

12. To see if the Town will adopt an ordinance governing the construction, installation and use of mobile home parks in the Town of Canterbury, New Hampshire, as proposed by the Planning Board and which is printed in this report.

13. To see if the Town will vote to appropriate two-hundred forty-eight dollars (\$248) for a 4-channel G. E. radio including installation for the Police Department and authorize the withdrawal of the amount required for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972.

14. To see if the Town will vote to appropriate six-thousand two-hundred seventy-five dollars (\$6,275.00) for five 2-channel radios and 20 plectron alerters for the Fire Department and authorize the withdrawal of the amount required for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972.

15. To see if the Town will vote to appropriate a sum not to exceed three-thousand three-hundred dollars (\$3,300.00) for renovation of toilets in lower floor of Town Hall including replacement of bowls and fixtures,

also to relocate the outside fuel oil tank and authorize the withdrawal of the amount required for these purposes from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972.

16. To transact any other business that may legally come before this meeting.

Given under our hands and seal this 19th day of February, in the year of our Lord nineteen-hundred and seventy-three.

JOHN W. HUGRON
ROBERT E. DUDLEY
HARVEY S. McGRANAHAN
Selectmen of Canterbury

A true copy of Warrant — Attest:

JOHN W. HUGRON
ROBERT E. DUDLEY
HARVEY S. McGRANAHAN
Selectmen of Canterbury

ANNUAL MEETING MARCH 11, 1972

Article Three. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations for the same.

Passed unanimously.

Article Four. To see if the Town will vote to give the Selectmen authority to borrow money in anticipation of taxes.

Passed unanimously.

Article Five. To see if the Town will authorize the Board of Selectmen to sell, lease or otherwise transfer real estate property acquired by the Town by Tax Collector's deed in a manner for the best interest of the Town.

Passed unanimously.

Article Six. To see if the Town will raise and appropriate the sum not to exceed \$2,000.00 and authorize the Trustees of the Trust Funds to release the sum of \$3,000.00 plus accumulated interest from the Capital Reserve Highway Truck Fund to the Selectmen for the purchase of a new truck for the Highway Department.

Motion made by Sabin Guertin to amend the article to read \$2,000.00 to agree with the article in the warrant. No second.

Article passed unanimously.

Article Seven. To see if the Town will raise and appropriate the sum of \$4,000.00, also authorizing the Selectmen to issue notes in the name of the Town, said notes not to exceed \$8,000.00 to be repaid at the rate of \$2,000.00 per year; also authorizing the Trustees of the

Trust Funds to release to the Selectmen all principal and accumulated interest from the Fire Truck Capital Reserve Fund for the purchase of a new fire truck.

The moderator explained that this article requires a 2/3 vote to pass under the laws of the State of New Hampshire.

Robert Lee moved to amend the article by replacing the figure of \$8,000.00 with the figure of \$9,500.00. Seconded by Dr. Hamden Moody. After an explanation that there is \$1,500.00 in the budget that is being added to the Fire Department fund, Robert Lee withdrew the amendment.

Catherine Dickson read an amendment by Robert Colby that this article specify the fire truck be coated with Ziebart undercoating rather than the conventional kind used on regular cars. No second. Amendment lost.

110 yes — 5 no. Article passed.

Article Eight. To see if the Town will vote to raise and appropriate the sum of \$500.00 to request the Tax Commission to appraise new properties and to revalue those which have been changed physically since April 1, 1971.

William Bogle moved for an indefinite postponement of this article. Seconded. Motion failed.

Article adopted.

Article Nine. To see if the Town will raise and appropriate the sum of \$7,452.69 and authorize the Selectmen to issue notes in the name of the Town, said notes to be repaid at the rate of \$2,000.00 per year for three years for the cost accrued in having the Town reassessed by the State Tax Commission.

Alexander Standish moved to amend the article by adding the words "in the amount of \$6,000.00," so that

the article reads “authorize the Selectmen to issue notes in the amount of \$6,000.00 in the name of the Town.” Seconded by Sabin Guertin. Amendment passed.

Roy Glines made a motion that the town pay for the notes all this year rather than pay interest on them over three years. Seconded. Amendment lost.

Article passed as amended by a 2/3 vote — 102 yes — 9 No.

Article Ten. To see if the Town will vote to make the Planning Board members elected officials, electing two members each year to serve three year terms, the first elected Board being elected as follows in 1973, two members elected for one year; two members elected for two years; and two members elected for three years, then two members elected each succeeding year. By Petition.

Moved unanimously to pass over this article.

Article Eleven. To see if the Town will vote to rescind all subdivision regulations imposed by the Planning Board prior to this meeting. By Petition.

Sabin Guertin moved that this article be passed over as it is illegal. Seconded. Article passed over.

Article Twelve. To see if the Town will vote to have the Moderator appoint a special unpaid advisory committee of three persons to be known as the Regional Refuse Disposal Planning Committee to work with the Central N. H. Regional Planning Commission to make recommendations to Town Meeting for upgrading the Town Dump to meet standards and to comply with the standards set by the N. H. Air Pollution Control Commission, Regulation No. 2, which sets termination dates for open burning.

Passed unanimously.

Article Thirteen. To transact any other business that may legally come before this meeting.

John Ross read a letter about the disposition of the old Fire House as determined by the committee of which he is chairman. It was their recommendation that this building be used for town office space. The original plans had called for this building to be used for meeting and training of the Fire Department and to contain a small kitchen.

Robert Lockwood reminded residents of the School Meeting in Belmont on March 18th at the high school.

Town meeting will continue to be held on Saturday next year.

Catherine Dickson requested the town selectmen to ask the State for additional repairs on Baptist Road similar to the small area that was repaired last year.

An advisory motion was made that this body instruct the New Hampshire Legislature to propose a motion in the next session to the effect that Planning Boards be elected by the townspeople rather than appointed. Seconded. Voted down.

Robert Colby made an advisory motion that we increase the number of voting booths in the Town Hall. Seconded by John Ross. It was requested that this be one of the first items to be taken up by the new Board of Selectmen.

William Hall asked about the status of the lawsuit that the town has against Mr. Horner. He was informed that the Master has given his decision to the Court and we are waiting for the Court to rule on that, and if we can convince his attorney to keep his appeals away from the Court long enough, we may get an answer.

Rebecca Fowler wanted to know if the Budget Com-

mittee meetings are open to the public and are they posted. She was informed they are open to the public, and if they are not posted, they will be.

Attalla raised the question of whether or not it would be possible to extend the voting time beyond 7:00 for those who work a long way out of town.

The Moderator then read the certification of the town plan.

Raymond Deary then read a motion to the effect that the minutes of the various town meetings (Selectmen, Planning Board, Board of Adjustment) be recorded by a public stenographer, such minutes to be filed in a public place, such as the Canterbury Library. It was the general feeling of the meeting that this was a good plan.

Motion by William Hall to adjourn at 3:55 P. M.

CHARLES H. DEAN
Town Clerk

CEMETERY REPORT

Cemetery care in 1972 got off to a poor start because of the illness of the caretakers of the previous year and the extremely wet weather. However, we were very gratified by the great effort put forth by a group of teen-age boys who worked diligently to get the lots in shape before Memorial Day.

Mr. Mulkhey of the State Highway Dept. has promised to clean out the culvert that goes thru the Center Cemetery that is full of sand washed thru the storm drain. Carl Sargent and Mark Lee have spent a great deal of effort replacing the large stones on the wall and along the culvert. It is hoped that parents will teach their children to respect this memorial area and discourage their actions of hurling missiles at the markers, rolling stones off the walls and tugging at or climbing on the monuments. It is your tax money they are wasting.

The Cemetery Commissioners and the Trustees of Trust Funds jointly approved the purchase of a riding mower using Trust Fund income. This makes three mowers available for cemetery work — still one short of what is needed. There are 28 cemeteries maintained by the Commission; Seven are mowed frequently during the summer and the remaining 21 are only mowed once a season.

REPORT OF THE CANTERBURY FUND

The 1972 Canterbury Fair was the most successful in the history of the fairs and, as a result, the Directors of the Fair Committee made a donation of \$2,300.00 to the Canterbury Fund.

Total Assets, December 31, 1971	\$11,940.98
---------------------------------	-------------

Interest on bank deposits	\$ 611.69
---------------------------	-----------

Donation — Canterbury Fair	2,300.00
----------------------------	----------

	2,911.69
--	----------

Total Assets, December 31, 1972	\$14,852.67
---------------------------------	-------------

In the past the funds have been kept exclusively in checking and savings bank deposits. Late in 1972, the Trustees decided that, in view of the prospect for continued inflation, it would be wise to invest a portion of the fund in common stocks. It was voted to purchase shares of two highly recommended mutual funds (David L. Babson Investment Fund and State Street Investment Corporation) at a rate of approximately \$1,000.00 monthly until about one-half of the fund is so invested.

As of December 31, 1972, the Fund was invested:

New Hampshire Savings Bank	\$12,688.14
----------------------------	-------------

Concord National Bank	23.43
-----------------------	-------

Securities at cost (*)	2,141.10
--------------------------	----------

Total	\$14,852.67
-------	-------------

Application for loans should be made to one of the following members of the Loan Committee:

Mrs. James W. Lilly, representing the P. T. A.

Mr. J. Gilbert Smith, representing the Fire Department

Mrs. Robert J. Hill, representing the Woman's Club

Mr. John H. Ross, representing the Community Church

Mrs. Sargent Goodhue, representing the Community Church

There were no requests for loans from Canterbury residents during 1972 but a loan of \$275.00 was made during January, 1973, on the recommendation of the Loan Committee.

CANTERBURY HISTORICAL SOCIETY

The Canterbury Historical Society continues to collect artifacts of Canterbury's past for the enjoyment of today's visitors and the enlightenment of future generations. Many descendants of former residents visited the museum during the past year and have promised to add to our collection in the future. During the past year we have had well over a thousand visitors. We are most gratified that the school teachers plan a visit to the Museum as part of their program.

Donations to the Museum are encouraged and the value of the article donated is a tax deduction. All gifts become the property of the Museum and cannot be given away or sold.

In 1977 Canterbury will celebrate its 250th Anniversary. The time to start planning for it is NOW. We hope to have Lyfords History of Canterbury republished for the occasion. This will be a very expensive undertaking. Pre-publication orders for numbered copies will be taken to help finance the project. Your membership in the Society and your advance order will be appreciated.

A disastrous fire during the Christmas Holidays claimed another of our early homes. The home of Reed Smith was completely gutted and considered a total loss; fortunately there were no injuries. According to Lyford's History of Canterbury the house was built by Moses Cogswell about 1776 and remodeled in the 1800's. It was one of the first houses in the district and a great cultural loss to the town as well as a blow to the family. Our heartfelt sympathy to Ruth and Reed.

This year will also be noted as the year that the last descendant of Samuel Moore gave up ownership of the

old Tavern that had been held by the same family since 1748 and known consecutively as MOORE's TAVERN, McCRILLIS TAVERN and BLANCHARD's TAVERN. Elizabeth Dodge sold the family homestead and returned to California; the last of a long line.

Meetings are held on the 4th Monday of each month at 7:30 P. M. The Museum will be opened by request for visits of interested parties.

ELKINS PUBLIC LIBRARY

This year has been one of slow but steady progress at Elkins Public Library. Since Canterbury Elementary School now has its own library and we no longer must staff Elkins for their use, the released volunteer effort has greatly progressed the cataloging — the end is in sight.

Also, we have used surplus Fair money to complete our entry way, build permanent storage stacks, magazine racks, and lamps.

Now we seem faced with a genuine crisis; New Hampshire State Library proposes that we remain open at least twelve hours per week, with at least one evening opening, and that we secure the permanent services of a librarian who either has the proper education, or is willing to take the library science courses offered by the State Library in conjunction with the University of New Hampshire.

This is a real problem in a town of Canterbury's size and constituency; our retired ladies and gentlemen no longer sit home and tend the Library fires, so to speak, but wish to shed the yoke of responsibility and schedules of their earlier years. Nor can women with young children at home all day often handle the confined concentration necessary for the job. Hence, we need someone who is fairly well tied to the community for the entire year by his or her family or otherwise, yet is free to work during the day and some evenings. He or she must also be suitably educated or be willing to further his education along the State Library's guidelines. A large order — can you help us fill it?

Of primary importance here, of course, is that unless

we do fill this position satisfactorily by June 30, 1973, we lose our State Aid monies, use of the bookmobile, film services, consultant and reference services, and so forth. In order to hire someone who is able to meet these requirements, our Board feels it needs \$350 more for salaries this year; we trust the town will see fit to help us in this way. Our ultimatum from the State Library did not arrive until the Budget Committee had already approved our budget — not asking for any increases — hence our belated plea.

Our thanks again to all of you who worked so unselfishly for Elkins Library this past year — again, we are all grateful.

REPORT OF THE CANTERBURY VOLUNTEER FIRE DEPARTMENT, INC.

There were 16 runs made by the Fire Department during the year 1972: 5 car accidents, 2 car fires, 5 structure fires, 1 camp fire, 1 mutual aid, 2 false alarms.

The residents of Sherwood Forest built a Fire Station on the Sherwood Forest Ass'n lot. The entire building was constructed by donations and volunteer labor. It is a fine, well built building and they deserve to be proud of it. The International Fire Truck is now housed in this building.

On December 23rd, the new Howe built Fire Truck, which was voted at the 1972 Town Meeting was delivered and checked and tested. It has since been used at fires and proved to be an asset to the Town.

1972 was the first year, in more years than I care to remember, that there were no brush fires. This fact proves that everyone has been extremely careful and alert. I hope we have many more years like 1972.

ROBERT V. LEE

Forest Fire Warden

REPORT OF TOWN AUDITORS

We have examined the records of Town Treasurer, Town Clerk, Tax Collector, Trustees of Trust Funds, Road Agent, Elkins Public Library, Canterbury Volunteer Fire Department and the Selectmen for the Year ended December 31, 1972 and have found their accounts correctly cast and properly vouched.

JAMES AULSEYBROOK

DOROTHY AULSEYBROOK

**REPORT OF PLANNING BOARD
CANTERBURY, NEW HAMPSHIRE
For the Year 1972**

During the year just ended, the Planning Board held 23 regular and special meetings and, in addition, conducted 13 hearings. Of the latter, 2 were held in connection with proposed Zoning and Building Ordinance amendments, 1 on proposed changes in the subdivision Regulations and 10 resulted from applications for subdivision approval. The latter were exclusively for minor subdivisions, practically all of which involved only two parcels, and all were approved by the Board.

Major projects undertaken and concluded during the year were;

1. Complete revision of the Zoning and Building Ordinance, which was subsequently adopted at the 1972 Town Meeting;
2. Revision and modification of the Subdivision Regulations, adopted as of July 15, 1972, after public hearing;
3. Preparation of standards for clustered residential use, adopted November 9, 1972;
4. Preparation of proposed amendments to the Zoning and Building Ordinance for action at the 1973 Town Meeting;
5. In preparation at year end, a proposed ordinance governing the establishment of mobile home parks, to be acted upon at the 1973 Town Meeting.

The Board is also working with the Central New Hampshire Regional Planning Commission, through the Town's representatives on that Commission, on a cooperative plan for the disposal of solid waste.

The Board reminds fellow townsmen that its regular meetings are held in its office in the basement of the

Town Hall on the second Thursday of each month (except August) at 7:30 P.M. and are open to the public. Minutes of each such meeting are subsequently filed at the library.

**AN ORDINANCE GOVERNING THE CONSTRUCTION,
INSTALLATION AND USE OF MOBILE HOME
PARKS IN THE TOWN OF CANTERBURY, N. H.**

SECTION I

GENERAL

This ordinance supplements the provisions of Article II J and Article V D of the Canterbury Zoning and Building Ordinance as it pertains to the establishment of Mobile Home Parks and the placement and occupancy of mobile homes in the Town of Canterbury.

SECTION II

PERMITS

a. It shall be unlawful for any person, persons, firm or corporation to establish, maintain or operate a mobile home park within the Town of Canterbury without first obtaining a Mobile Home Park permit from the Board of Selectmen.

b. Application for a permit to operate a new mobile home park or to expand an existing one shall require approval, by the Planning Board, of the Park design. The Planning Board shall determine the adequacy of the design with respect to arrangements of lots, streets, and other facilities, to assure conditions favorable to health, safety and convenience.

c. No permit to establish, maintain, operate or expand a mobile home park shall be issued until such time as the Zoning Board of Adjustment shall have, after a public hearing on the application for a permit, granted a special exception specifically authorizing the establishment or enlargement and operation of the mobile home park.

d. The Board of Selectmen shall prescribe the fee for such a license or permit, sufficient in amount to cover the entire administrative cost incurred in processing the permit or license.

e. Permits or licenses granted for the establishment, enlargement or operation of a mobile home park shall not be transferable.

f. Any mobile home park permit or license may be revoked by the Board of Selectmen if, after investigation, it is established that the permittee or licensee has violated any of the provisions of this Ordinance, or that the mobile home park is being maintained in an unsanitary or unsightly manner.

SECTION III

MOBILE HOME TRACTS (PARKS)

a. The minimum area of a mobile home park or tract shall be ten (10) acres, with a minimum frontage of 300 feet. Tracts shall abutt an approved public way or street, or provide direct access to an approved public way or street through an improved and permanently maintained private street or way which meets town standards and further is protected by a permanent easement.

b. A mobile home park shall comprise a single contiguous parcel of property.

c. The condition of the soil, ground water level, drainage, rock formations, and topography shall be such as not to create hazards to the property or to health and safety.

d. The density of a mobile home park shall not be greater than four mobile home plots per acre.

e. The limits of each mobile home lot shall be clearly

marked on the ground by permanent flush stakes or markers. Location of lot limits shall be approximately the same as shown on the accepted and approved plan. Precise engineering of lot limits is not required either on the plans or on the ground. Accuracy obtained by working with a scale on the plan and then a tape on the ground is acceptable.

f. Streets shall be provided to furnish principal ways for convenient access to mobile home stands. Streets shall be privately owned. Streets shall be adequately lighted at night.

g. Mobile home parks shall not be subject to hazards such as objectionable smoke, noxious odors, unusual noise, the possibility of subsidence, the probability of flood or erosion or the probability of insect or rodent infestation.

h. A minimum of five lots shall be completed and ready for occupancy before the first occupancy shall be permitted.

i. No space shall be rented for residential occupancy except for periods of 30 days or longer.

j. Convenience establishments of a commercial nature shall not be permitted within the confines of a mobile home park.

k. The water supply, sewage and all other sanitary and public health arrangements shall conform with standards for mobile home parks as promulgated by the State of New Hampshire Department of Health and Welfare, and other state agencies having jurisdiction in the premises.

SECTION III

MOBILE HOME STANDS

a. A mobile home stand shall provide for the place-

ment of the mobile home. Stand foundations shall be of such construction as to prevent heaving, shifting, or settling due to frost action.

b. Each mobile home stand shall contain a minimum of four hundred square feet, and must be of such size and shape as will adequately fit the dimensions of the anticipated mobile home.

c. Mobile home stands shall have a longitudinal gradient of 0 to 5° and adequate crown or cross gradient for surface drainage.

d. Mobile home stands shall be set back at least 12 feet from side and rear lot boundary lines and at least 24 feet from each lot front boundary line.

e. All spaces beneath mobile homes shall, upon the responsibility of the owners, be closed off with a skirting or lattice work.

SECTION IV

WATER SUPPLY

a. An accessible, adequate, safe and potable supply of water shall be provided each mobile home. Where a common source of water is available with satisfactory quality and pressure, connection shall be made thereto and its supply used exclusively. When a common water supply is not available, individual water supply systems may be developed and used. All water supply systems shall be subject to approval of the State Board of Health and other State Agencies having jurisdiction.

b. The water supply shall be capable of delivering a minimum of 150 gallons per day per mobile home connected thereto.

SECTION V

ELECTRICAL SYSTEM

a. Every mobile home park shall contain an electrical wiring system consisting of wiring, fixtures, equipment and appurtenances.

b. Primary distribution lines and service equipment installed and maintained by the local utility may be overhead or underground. Main power lines not located underground shall be at least 18 feet above the ground. There shall be a minimum of at least three feet clearance between overhead wiring and any mobile home or structure.

c. All direct burial conductors or cables shall be buried at least 18 inches below the ground surface and shall be located not less than one foot radial distance from water, sewer, or gas lines.

d. Each mobile home lot shall be provided with an approved disconnecting device and overcurrent protective equipment. The minimum service per outlet shall be 120/240 volts AC, 50 amperes. Where the calculated load of the mobile home is more than 50 amperes, either a second outlet receptacle shall be installed or electrical service shall be provided by means of permanently installed conductors.

e. Outlet receptacles at each mobile home stand shall be located not more than 20 feet from the overcurrent protective device in the mobile home, and a three-pole, three or four wire grounding type shall be used. Receptacles shall be of weatherproof construction.

f. A power post shall be located near each mobile home. The power outlet shall be contained in 16 gauge galvanized covers with the bottom edge of the covers protected with insulating edge guard to prevent wire damage. A lug for No. 4 wire shall be provided for proper

electrical grounding. The power outlet shall consist of a weatherproof housing, a 50 or 60 ampere 250 volt two pole air circuit breaker with neutral bar, and a 50 or 60 ampere 120/240 volt AC three pole with U-ground pole utility power outlet and one duplex two pole U-grounded convenience receptacle.

SECTION VI

SEWAGE DISPOSAL SYSTEM

a. Where the sewer lines of a mobile home park are not connected to a public sewer, the means of sewage disposal must be approved by the State Board of Health and any other State agencies having jurisdiction.

b. All sewer lines shall be located in trenches of sufficient depth to be free of breakage from traffic, freezing or other movement and shall be separated from the water supply system a safe distance.

c. Each mobile home stand shall be provided with either a four inch diameter cast iron sewer riser pipe, having a cast iron four-inch dandy clean-out plug, or an approved four inch abestos-cement class 1500 connection. The sewer riser pipe will be so located on each stand that the sewer connection to the mobile home drain outlet will approximate a vertical position.

d. The sewer lines of the mobile home park shall be approved by the Building Inspector prior to construction. Effluents from park sewerage shall not be discharged into any surface waters.

SECTION VII

FUEL SUPPLY AND STORAGE

a. Fuel oil supply systems shall be constructed and installed underground in each mobile home lot.

REPORT OF THE CANTERBURY MEMBERS OF THE REGIONAL REFUSE DISPOSAL PLANNING COMMITTEE

In accordance with the provisions of the warrant article 12 adopted by the 1972 Canterbury annual town meeting, the Moderator made the following appointments to the Regional Refuse Disposal Planning Committee:

William N. Bogle

William R. Hall

Harvey S. McGranahan

In the summer and fall of 1971 the Central New Hampshire Regional Planning Commission, of which Canterbury is a member, solicited and obtained a grant from the New England Regional Commission for a Solid Waste Management Study of the Central New Hampshire Region.

The Central New Hampshire Regional Planning Commission through its Planning Director, Mr. David H. Rogers, contracted with the engineering firm of Anderson-Nichols and Co. Inc. for the Solid Waste Management Study. A summary report of this study was made available in July 1972.

The Regional Refuse Disposal Planning Committee under the direction of Mr. David H. Rogers held monthly meetings throughout the rest of 1972 discussing the summary report of the Solid Waste Management Study, solid waste disposal technology, and solutions other communities throughout the country have implemented.

The final report of the Solid Waste Management Study was completed and printed in December 1972. Copies were sent to the following Canterbury officials:

— Selectmen

- Planning Board
- Members Central N. H. Regional Planning Commission
- Members Regional Refuse Disposal Planning Committee

The Selectmen have placed copies of the final report in the town library.

Before the conclusions of the final report are summarized a few statements to put it in the proper perspective are in order.

The New Hampshire Air Pollution Control Commission has directed that towns or cities of less than 2,500 population terminate open burning by 1 July 1975.

Open dumping, without burning is impractical because of sanitary, ecological and economic (land use) factors.

Any proposed solution must exclude large capital investment in equipment or specialized processes that cannot be expanded or modified to suit future needs.

The key conclusions of the Study are as follows:

1. Considering the options available, such as, incineration, shredding, and compacting, sanitary landfill is and will continue to be the most practical means of disposal in the foreseeable future.

2. Three options for handling waste disposal were presented.

- A. Each town running its own operation.

- B. A sub-regional approach with three sub-regions. Canterbury would belong to the central sub-region with Allenstown, Bow, Boscawen, Concord and Pembroke.

C. A regional approach with all 16 towns of the Central New Hampshire Region cooperating.

3. The cost figures presented by the study showed the Regional approach (all 16 towns cooperating) to be the least expensive, followed by the Sub-Regional approach, and each town running its own operation to be the most expensive.

4. The study recommended that future effort in the area of towns cooperating in a disposal venture be directed toward the Sub-Regional or Regional approach.

5. The study listed possible sites for Regional Disposal Areas in CONCORD, BOW, and HOPKINTON.

The study listed possible sites for Sub-Regional Disposal areas in WARNER, LOUDON, and CHICHESTER.

The study listed a possible site in each town, but the effort involved in choosing it was minimal. They really said "if you start looking in your town — look here first."

The possible sites for Regional Disposal Areas would of course serve as Sub-Regional Disposal areas.

It must be emphasized that the possible sites listed are just that, no detailed engineering studies have been done. They were selected on the basis of soil conservation and geodetic survey maps (only accurate for 40 inches below ground surface), suitability to highway or road access, not near residential areas and after a walking site inspection.

The Central New Hampshire Regional Planning Commission through its Director Mr. David H. Rogers has gone about as far as it can go in presenting the alternatives for action to the member towns. They will continue to assist in every way possible of course, but future actions in organizing for cooperative effort among towns along a sub-regional or regional approach or a go it alone approach is up to the member towns.

Since the question of whether the "possible" Regional Disposal Sites are indeed practical sites must be answered before any future planning and organizing can proceed, the Central N. H. Regional Planning Commission has submitted a plan and a request for a federal grant for site engineering on the "possible" sites to the New England Regional Commission. It will not be known until the end of January or early February 1973 whether any money for this work will be granted. Indications are that we will receive a sizable grant from the New England Regional Commission to continue our solid waste disposal effort provided that local matching funds of 30 cents per capita be supplied by the participating communities. Canterbury's share will be \$268 based on the 1970 census figure of 895 persons. An article is being placed in the 1973 town warrant requesting this amount.

At the 29 November 1972 meeting the Regional Refuse Disposal Planning Committees voted and formed the Regional Refuse Disposal Planning Board in accordance with N. H. RSA CHAPTER 53-B.

The work of the Regional Refuse Disposal Planning board during 1973 might be as follows, depending upon direction from their respective towns:

- A. Study the advisability of establishing a regional refuse disposal district, ways for the organization, operation, and control of such a district.

- B. Formulate a Refuse Disposal District Agreement.

- C. Report findings to the board of selectmen or mayor as the case may be.

The Canterbury members of the Regional Refuse Disposal Planning Committee submit the following observations and recommendations.

Basically, we agree with the findings of the study, however, more information on the handling of "white goods"

(stoves and refrigerators) and brush and stumps and the cost factors (compactors for "white goods" and machines for reducing brush and stumps to chips) associated with these operations must be determined. It is also noted that the landfill area operations would probably require more than one dozer operator assuming that the administrative cost shown do not include any money for "working supervisors."

The following recommendations are made:

A. During 1973 continue to be a part of the regional planning. Have members serving on the Regional Refuse Disposal Planning Board.

B. In parallel with the regional planning effort have an independent Canterbury committee studying:

1. A "go it alone" approach.
2. Cooperative effort with one or more towns of our choosing if they feel the same as we do.
3. Any other approach including a private contractor.

C. Set a target date of September 1973 to start comparing the options of A and B above so that a recommendation can be made to the 1974 ANNUAL TOWN MEETING.

Respectfully submitted,

WILLIAM R. HALL
HARVEY S. McGRANAHAN
WILLIAM N. BOGLE

PROPOSED AMENDMENTS TO THE CANTERBURY ZONING AND BUILDING ORDINANCE

To be Voted on Under Article II of the Warrant

Amendment No. 1.

Strike out Article II, Paragraph J as written and substitute

“Mobile homes are permitted only in mobile home parks as provided for in this or other ordinances of the Town of Canterbury and in no event shall the number of mobile homes exceed ten percent of the total dwelling units in the town of Canterbury. Individual mobile homes are permitted only as temporary residential or business structures during times of construction of permanent residential or business buildings and upon receipt of the appropriate permit from the Selectmen. Such a permit shall be valid for a period of one year and is non-transferable.”

Travel trailer parks are permitted by special exception and only in licensed recreational areas upon written approval of the Board of Adjustment after a public hearing.”

Amendment No. 2.

Strike out Article III, Paragraph 11 (Definitions) and substitute:

“Minor Subdivision

A subdivision of land into less than five lots and requiring no new roads, utilities or municipal improvements.”

Amendment No. 3.

Amend Article V, Section C, Paragraph 1 (Establish-

ment of Minimum Lot Standards) by striking out Paragraph 1 in its entirety and substituting

“1. Minimum Lot Size Requirements

District	Minimum Acreage	Minimum Lot Depth	Minimum Lot Width
A (Conservation-Agricultural)	5 Acres	300 feet	300 feet
RU (Rural)	3 Acres	250 feet	300 feet
R-1 (Residential)	2 Acres	200 feet	300 feet
C-I (Commercial)	1 Acre	150 feet	200 feet
C-I (Industrial)	3 Acres	250 feet	400 feet
R-R (Resource Reserve)	2 Acres unless modified by Special Exception of Board of Adjustment.”		

Amendment No. 4.

Amend Article V, Section C by striking out paragraphs 2 to 7, inclusive and substituting:

“2. Sewage Disposal

All sanitary disposal systems required for residential, commercial or industrial uses shall comply with State and local laws and/or regulations.

3. Setback

a) Minimum setback of any building shall be 35 feet from the front boundary line and a minimum of 20 feet from other boundary lines. For the purpose of this ordinance, the “front boundary line” shall be that boundary which parallels or most closely parallels the nearest road or street as defined in this ordinance and is regularly maintained by the State or Town.

b) Minimum setback of any building or the nearest component of a sanitary system shall not be less than that required by prevailing State statutes.

4. Proximity to Regularly Maintained Road or Street

A lot used for a residential purpose shall (1) border on a road or street as defined in this ordinance or (2) border on a Class 6 road or (3) contain within its bounds a deeded right of way at least 50 feet in width or an easement for a right of way of similar width over the land of others providing in each case the residence with a private access to a road or street regularly maintained by the Town or State.

5. Reserved Frontage on Bodies of Water

Lots bordering on public waters shall have a minimum of 50 feet water frontage. In developments that include lots with no direct water frontage, there shall be set aside for the common use of such interior lot-owners suitable and appropriate shore frontage equal to at least 25 feet for each such interior lot.”

Amendment No. 5.

Amend Article V, Section D, District A (Purposes, Permitted Uses and Special Exceptions) by striking out “Major Subdivisions” as a special exception in District A.

Amendment No. 6.

Amend Article V, Section D, District R-1 (Purposes, Permitted Uses and Special Exceptions) by striking out the second sentence which reads “Single residential family uses shall not be less than two acres per dwelling unit” and substitute:

“Single residential family use shall not be less than two acres. Multi-family use shall not be less than two acres, plus 10,000 square feet for each dwelling unit.”

Amendment No. 7.

Amend Article V, Section D, District C-I (Purposes, Permitted Uses and Special Exceptions) by striking out

the sentence under the heading “Special Exceptions” which reads “Commercial and Industrial development permitted by special exception only, after receipt of report from Planning Board” and substituting:

“Commercial and Industrial development permitted by special exception only after receipt of a favorable report from the Planning Board.”

Amendment No. 8.

Amend Article VI, Paragraph 1 (Performance and Design Criteria) by striking out Paragraph 1 in its entirety and substituting

“1. Any uses in any district shall not be conducted in a manner that is unsightly, or emits dangerous, noxious or unpleasant odors or is objectionable due to risk of fire, explosion, noise vibration, smoke, dust or other form of environmental pollution.”

Amendment No. 9.

Amend Article VI, Paragraph 3 (Performance and Design Criteria relative to the disposal of industrial and commercial wastes) insert at the beginning of Paragraph 3 the words “The disposal of.”

Amendment No. 10.

Amend Article VIII, Section 5 (Building Regulations — Sewage Disposal) by striking out Section 5 in its entirety.

Amendment No. 11.

Amend Article IX, Section B (Enforcement and Administration — Issuing Permits) by adding the following sentence to Section B

“The Board of Selectmen shall issue use permits as required by this Ordinance when, in its judgment, the

intended use is in accordance with the provisions of this Ordinance, is not injurious to nearby properties and is not detrimental to the interests of the community.”

Amendment No. 12.

Amend Article IX, Section C, Paragraph 1 (Enforcement and Administration — Building Permit) by striking out the paragraph which reads “No building or dwelling unit shall be constructed, structurally altered, enlarged to the extent of increasing its interior floor area by more than one hundred square feet, or moved unless a building permit for such action has been issued by the Board of Selectmen or its appointed agent” and substituting:

“No building, except accessory building or temporary building authorized by use permit during construction of a permanent building, shall be constructed, structurally altered, enlarged to the extent of increasing its interior floor area by more than one hundred square feet, or moved unless a building permit for such action has been issued by the Board of Selectmen or its appointed agent.”

Amendment No. 13.

Amend Article IX, Section D, Paragraph 1 (f) (Board of Adjustment — Creation and Appointment) by striking out sub-paragraph (f) which reads “The Planning Board shall make recommendations to the Board of Adjustment as guidelines to be considered in granting exceptions and such guidelines shall be available to the public on request” and substitute:

“The Board of Adjustment may, on receipt of individual requests for special exceptions or variances, request the Planning Board to make recommendations concerning conditions that should be attached to a permit granting such special exception or variance to remove features of the proposed use that are objectionable.”

Amendment No. 14.

Amend the Zoning Map by extending the Commercial-Industrial District at Exit 18, Route I-93, northerly between the railroad and Route 93 to the northerly bound of the town's industrial site which is restricted by deed to commercial and industrial use.

CONSERVATION COMMISSION, 1972 REPORT

Your Conservation Commission has continued with the projects started in 1971.

The removal of old cars has continued. Ray Collette has picked up fifteen more cars to help clean up the local environment.

We continued studying the possibilities of a public swimming area for Canterbury. Several areas were considered and one was selected as having good possibilities. The cost of the land and it's development would have required the approval of a bond issue by a special town meeting. We believed that we should have an expression of opinion from the townspeople before taking such action. Your replies to our questionnaire indicated a lack of the necessary support for the project. In addition the problems of maintenance, supervision ,liability, and the restrictions placed by other sources of financial assistance caused your Commission to decide to go no further with the project at this time.

We are continuing our study of areas which offer multiple natural uses which should be preserved for the use of the residents of Canterbury. The Conservation Fund was established for this purpose.

Members of the Commission have worked with the Boy Scouts on their Conservation Merit Badge Program.

The monthly meeting of the Commission is held on the second Wednesday of the month at 7:30 P. M. in the Planning Room of the Town Hall. You are invited to attend these meetings.
